

Registrations for the [TU Berlin Winter University Online 2021](#) are now open!

We have developed a program of intensive and interactive online courses which offer students the opportunity to take part in a global short course from home, whilst earning credits towards their degrees. The Winter University runs for three weeks from **January 11th-29th**, 2021. A preparatory reading week commences on January 4th and all courses are accredited with 5 ECTS.

Participants can choose from the following courses:

[Innovation & Entrepreneurship](#)

[Machine Learning using Python: Theory and Application](#)

[Space Mission Design](#)

[Circular Economy: Introduction to Urban Prototyping](#)

[Data Science with Python](#)

[Extended Reality: Design and Development](#)

[German for Beginners](#)

[Introduction to Python Programming](#)

The Winter University includes a digital cultural program, where participants will have the chance to get to know their international peers, to gain an insight into the highlights of Berlin and to take up one of cooking or virtual-visit challenges. Courses are also open to university staff and working professionals.

Courses cost just €920 for current students and Early Birds receive a discount of 50€ if they register before November 1st!

Keep up to date on our online program on [Instagram](#), [Facebook](#) and [LinkedIn](#).

We look forward to seeing your students online soon.

Best wishes from Berlin,
